

**SOMOS VIBRA X
ONDALINDA
2022 COLLECTION**

A surreal landscape featuring two women kneeling on sand dunes under a starry night sky. The woman on the left wears a white turban and a light-colored robe. The woman on the right has white polka dots on her face and torso. Both have glowing, concentric circular auric chakras around their heads. The background is a vast desert with rolling dunes and a dark sky filled with stars and a nebula.

The background is a dark, almost black, field. It features two sets of concentric circles and spirals. One set is in the upper-left quadrant, and another is in the lower-right quadrant. The lines are thin and light gray, creating a subtle, hypnotic pattern. The text is centered horizontally and vertically.
